**DESPAIR LURKS  
IN WEAK BLOOD**

Gude's Pepto-Mangan, the Blood-Build-er, Arouses Dull Faculties.

Many a man and many a woman feels all out of sorts from thin, weakened blood. The least little things gone wrong throws them into a wild form of despondency. Instead of bracing up and meeting ordinary difficulties they are downed. Nerves are on edge. Appetite lags. Sleep is restless. They are weak tired and dull. Poor blood works its havoc till the will loses its powers. Few people who fall into habits of worry and despondency realize that most of their trouble, are due to lack of endurance—to blood that has become weakened by overwork or straining.

Healthy men and women with rich, red blood see things brightly. They tackle life with zest and go along smilingly, full of eagerness and endurance.

Gude's Pepto-Mangan taken steadily restored the blood to its natural richness. It actually makes red corpuscles, the tiny particles in blood which make it red. Druggist have Gude's Pepto-Mangan in liquid and tablet form—Advertisement.
